

Hosted PBX

HPBX Advantages

- **Mobility** - work from anywhere
- **Scalability** - grows with your business
- **Simplicity** – user-friendly management portals
- **Continuity** – geo-redundant servers provide maximum uptime
- **Recoverability** – go live in a new location in minutes
- **Accountability** – financially sound choice with little to no capital investment and reduced cost of ownership
- **Productivity** – less time managing phones = more time for doing business
- **Fiscal Responsibility** – eliminate ongoing and costly license, maintenance, and software upgrade costs

HPBX

Say “So long” to the phone equipment room of yesterday and say “Hello” to the cost-saving, limitlessly scalable and versatile cloud-hosted phone system. Stratus HPBX removes the restraints of a traditional phone system and gets you out of the cubicle!

FEATURES

While offering the features you would expect (i.e., auto-attendants, hunt groups, call forwarding, caller ID, call park, paging), Stratus HPBX provides many advanced features that will expand your communications beyond the basics such as:

- State-of-the-art Cisco phones with HD Voice
- User and Administrator management portals
- Softphone and Mobile Apps for the on-the-go professional
- Find me / Follow Me
- Conference Calling
- Voicemail to Email
- Advanced Call Center Options

Stratus HPBX gives you control of your business communications like never before. With state-of-the-art equipment and software at your fingertips, you are in the driver’s seat and no longer bound by the limitations of a “box on the wall system” or your IT staff’s ability to manage it. Take control of your communications today with Stratus HPBX!
