

Fiber Optic Carrier Solutions

SERVING YOUR DYNAMIC CONNECTIVITY DEMANDS

Stratus Networks is the only carrier connected to all the Illinois ILECs and CLECs. With thousands of route miles of fast, fiber-only connections already in place, Stratus continues to expand our 100% fiber optic network.

Customers appreciate speeds up to 100 GBps. Our robust fiber ring and dark fiber cells provide access to all the connectivity you need between cities, within campus environments, and across town.

Stratus serves cell tower backhaul customers in addition to wireline customers. We own and operate our own dedicated fiber construction crews and provide fully managed NOC 24/7/365.

Here's What Sets Stratus Apart

- Secure, reliable network
- Competitive rates and terms
- Dedicated project management on every order
- Knowledgeable repair staff on call 24/7/365
- Our own fiber construction crews
- Passionate about supporting our customers
- Fiber-only, business-only network

Who We Are

Since 1998, Stratus Networks has been defined as the most customer-focused provider in the industry, and our undisputed reputation for integrity and fair dealing is well known.

Stratus Networks' Code of Business Conduct articulates our standards of business and professional ethics.

We are committed to the Wholesale Carrier channel, offering competitive rates, reliable services, and second-to-none support.

Whether you have some gaps in your Midwest network, or just need more high-quality redundancy, get in touch with Stratus Networks at our dedicated Wholesale phone number or email address:
